FAQs for Investors

What should I check while making payment using the new UPI IDs/ QR Code?

Investors need to take following things into consideration:

- The UPI ID should properly show the name of the intermediary, followed by the short abbreviation of their category for example "pms" for Portfolio Management Service, "brk" for Brokers, "mf" for Mutual Funds to the left of the "@" character.
- On the right side of the "@", the new and exclusive handle "@valid" should be present, followed by the bank name.
- On the confirmation screen, the app should show a white thumbs-up icon inside a green triangle.
- The QR code generated using the utility will have a white thumbs-up icon inside a green triangle. It will also display the UPI ID just below the QR code.

Whom to approach if my transaction/ payment fails with the new UPI ID?

The secure validated UPI ID of intermediaries will use the same banking channel as the earlier generic UPI handles. In case of any technical difficulty, investors are requested to approach their respective bank.
